**E.G. Carson, Ex-Executive Officer of HITCO
Carbon Composites, Named CEO of
Growth Management and Constructive Changes (GMC2)**

Los Angeles, CA/ August 13, 2009 - Growth Management and Constructive Changes (GMC2) LLC announced today that Ex-Executive Officer of HITCO Carbon Composites, Inc., Edward G. Carson assumes the duties of Chief Executive Officer in August 2009.

Mr. Carson joins GMC2 after a 32-year career at The Boeing Company where he served as Senior Business Manager. He participated on programs such as, The Joint Strike Fighter, FAA Ground Systems, The Space Defense Systems, Tactical Missile Systems, the Minuteman III, 767 Japanese Tanker Program, Commercial Satellites, AWACS, and other significant programs. Mr. Carson spent 4 ½ years with HITCO Carbon Composites as Executive Vice President including duties as Chief Operating Officer of Aero Structure programs. He was instrumental in the formulation of growth strategies involving large scale automation composite production efforts involving F-35 and B 787 subcomponents for major Tier I Partners. Mr. Carson's leadership capability was acknowledged by The Boeing Company's selection of HITCO as its Supplier of the Year for Major Structures Category 2007, which was awarded April 17th 2008.

Mr. Carson earned his M.A. in Economics from Western Washington University. He graduated with a B.A. in Economics from the University of Washington. He is a graduate of the prestigious Executive Program, University of Virginia as well as, The U.S. Army Command and General College. Mr. Carson is a graduate of the Senior Management Course and Boeing Management University programs from The Boeing Company. He is also a graduate of the Program Management Course for Functional Managers from the Defense Systems Management College.

Mr. Richard J. Avery serves as the President of GMC2. He is a 28-year veteran of the aerospace industry. Mr. Avery specializes in preparation of Contracts/Subcontracts Volume Proposals and win-strategies for all contractual aspects of minor and major program new business opportunities. He earned his M.A. in Behavioral Sciences from Pepperdine University and his B.A. in Business from California State University – Fullerton.

The primary mission of Growth Management and Constructive Changes (GMC2) LLC of Laguna Niguel, California is to provide customers with the most viable growth and contractual options to assist them in achieving their business pursuits. GMC2 offers extensive managerial and negotiating experience that ensures the protection of their customers' investments through prudent and constructive change. GMC2 provides specialized transactional services in:

Growth Management such as: Strategic Planning & Market Investments, Economic Analysis, Marketing Themes, Press Releases & Company Advertising DVDs, Proposal Management, Foreign Market Research and Negotiations Where Required, and Contractual Risk Strategies (Build-to-Print and Design & Transition to Build-to-Print).

Constructive Changes such as: Change Management (In-Scope & Out-of-Scope Processes, Change Board Processes, and Change Definition & Pricing Strategies), Negotiation Tactics & Strategic Resolutions, Arbitration Scenarios and Execution, Requests for Equitable Adjustments (REAs) & Certifications, and Claims against Subcontractor's Non-Performance.

The depth of experience, expertise and management skills possessed by GMC2 consultants and collaborative associates enables them to offer specific resources to their customers designed to offer a broad scope of assistance, or targeted problem solving. These resources include:

- Executive Management
